

Extend your expertise with the Permits department of our expanding Planning & Development team

Coquitlam: where urban vitality combines with abundant natural beauty and a thriving cultural milieu. The City of Coquitlam is carving out a unique presence that is attracting more and more people to its neighbourhoods and significant investment into its infrastructure. Innovative approaches to development require the creation of multi-disciplinary teams of technical and professional staff to meet the opportunities and demands of this exciting and unique project.

Building Inspector – Minor Structures

Full-time Temporary (Six month term)

You will focus on inspection and regulatory work related to single family residential and smaller commercial buildings, as well as ensure compliance with the BC Building code and municipal regulations/bylaws. Your considerable knowledge of building construction and your ability to work with owners, contractors and tradesmen in a fair, tactful and professional manner will be essential in this interesting position.

Along with a diploma in Building Technology or completion of a recognized trades apprenticeship supplemented by related code courses, you have sound experience conducting municipal/building construction industry plan checking. BOABC Level 1 Certification would be an asset. Computer skills would be an asset.

The salary range is \$29.35 to \$34.63 per hour and is augmented by an excellent benefits package. If you are keen to advance your career in a progressive municipal environment, please forward your résumé, quoting the position title and reference number BOABC2010-100641, by Monday March 22, 2010 to: Human Resources Division, City of Coquitlam, 3000 Guildford Way, Coquitlam, BC V3B 7N2. Fax: 604.927.3075; email: careers@coquitlam.ca.

We thank all applicants for their interest; however, only those shortlisted for interviews will be contacted.
